

Plantronics Voyager[®] PRO

Engineered for Sound Quality[™]

40+ Years of Headset Engineering—Evident in Every Call

Our obsessive acoustic engineers pushed the limits of headset technology so you sound like you're in the same room, not miles away on a windy street or surrounded by noisy people. Our relentless ergonomic testing produced a headset so comfortable you'll wear it dawn to dusk without a second thought.

- Dual-mic AudioIQ² noise canceling technology enriches voice quality
- Boom places mics where they best capture your voice
- Three layers of protection from wind noise
- Durable headset withstands daily wear and tear
- Multipoint pairs one headset to two phones
- Voice prompts alert battery and mute status
- Fast-charging, long-lasting battery

Natural Sound Range
 Less Natural Sound Range

— AudioIQ²

The internal 20-band equalizer in the Plantronics Voyager PRO headset automatically adjusts to background noise to maintain a natural-sounding voice quality. Headsets without Plantronics AudioIQ² technology tend to sound either too tinny or too muffled.
